

SEFALI SHARON SABNAM

Bengaluru, Karnataka, India | sefalisabnam026@gmail.com | github.com/SefaliSabnam | linkedin.com/in/sefali-sharon-sabnam

PROFESSIONAL SUMMARY

AI Hybrid Developer and DevOps-trained engineer with hands-on experience in Generative AI prompt engineering, LLM evaluation and benchmarking, and AWS, Kubernetes, Docker, and Terraform-based cloud automation. Skilled in designing and optimizing prompts, building evaluation frameworks, and automating CI/CD pipelines with Jenkins and Terraform. Proven ability to deliver reliable, well-documented AI and DevOps solutions under tight deadlines.

TECHNICAL SKILLS

AI: Prompt Engineering, Generative AI Workflows, LLM Evaluation, Few-Shot & Chain-of-Thought Prompting

Tools: Git, GitHub, Jira, Agile, Slack

Cloud & Containers: AWS (EC2, VPC, RDS, Route 53, ALB, CloudWatch, S3), Kubernetes, Docker, Helm

Programming: C, C++, Java, C#, .NET, SQL, Shell Scripting

IaC / CI-CD: Terraform | Jenkins, Prometheus, Grafana

Testing / OS: Selenium | Linux

WORK EXPERIENCE

AI Hybrid Developer — AI ALIA, SOFTECH System and Solution

Mar 2026 – Present

Bengaluru, Karnataka (Remote)

- Developed AI-powered applications and automation solutions using Generative AI technologies; built effective prompts and AI workflows to improve software development and content creation.
- Built Windows Forms applications with C#, .NET, and SQL Server for real-world use cases; produced technical documentation, educational resources, and software prototypes.

Project: [Student Management System](#) (C# Windows Forms, SQL Server) — secure login, full CRUD, webcam photo capture, PDF export (iTextSharp).

AI Prompt Engineering Intern — AI ALIA, SOFTECH System and Solution

Mar 2026

Bengaluru, Karnataka (Remote)

- Designed and optimized prompts using few-shot and chain-of-thought prompting to improve AI response accuracy; benchmarked LLMs to compare outputs and reduce hallucinations.
 - Built structured prompts and evaluation frameworks ensuring format compliance, clarity, and consistency in AI-generated results.
- Tools: Gemini, ChatGPT, Google Whisk/Flow, Canva, Inworld AI.

Project: [AI Career Mentor – Gemini Resume Analyzer](#) (Python, Streamlit, Gemini API) — ATS scoring, skill-gap detection, AI-generated interview questions.

DevOps Internship — OS INFOTECK

Dec 2024 – Oct 2025

Bengaluru, Karnataka (Hybrid)

- Supported CI/CD pipeline development using Jenkins, Docker, and Git to automate build, test, and deployment workflows; provisioned AWS infrastructure (EC2, VPC, S3) using Terraform (IaC).
- Designed and deployed a secure 3-tier AWS architecture (custom VPC, EC2, RDS, ALB, Route 53, CloudWatch), improving deployment efficiency by 40%.
- Automated banking-app deployment with Terraform, Docker, and Jenkins, reducing manual provisioning time by 60%; built a custom Dockerized Grafana image for real-time EC2/CloudWatch monitoring.

Client Support and Coordination — Concentrix

May 2022 – Dec 2023

Bengaluru, Karnataka (Onsite)

- Delivered customer service on the Oracle Banking platform, processing 100+ transactions daily with high accuracy and zero critical errors; coordinated cross-functional issue resolution.

CERTIFICATIONS & ACHIEVEMENTS

- AI ALIA** – AI Hybrid Developer Foundation (Sep 2026): C, C++, C#, HTML, CSS, Windows Forms, ADO.NET, SQL.
- Udemy** – C++ Programming for AI Developers (Sep 2026).
- Udemy** – C Programming for AI Developers (Aug 2026).
- Udemy** – AI Concepts and Intelligent Systems: Foundations for Beginners (Aug 2026).
- AI ALIA** – AI Prompt Engineering Intensive (Jul 2026): AI and Google Gemini.
- Google** – Google AI Certified (May 2026): AI Fundamentals, Brainstorming & Planning, Research & Insights, Writing & Communicating, Content Creation, Data Analysis, App Building.
- Anthropic** (Mar 2026): Claude 101, AI Fluency Framework & Foundation, AI Fluency for Students, Claude Code in Action, Claude with the Anthropic API.
- Naresh I Technologies** – Selenium (2022–2023): Automation testing training.
- AI ALIA** – Best Prompt Engineer Award (Jul 2026): excellence in AI prompt engineering and LLM optimization.
- Concentrix** – Outstanding Performer (Feb 2023) & All-Rounder/Strongest Player (May 2023), Federal Bank Process: high-quality client support, leadership, and team success.

EDUCATION

B.Tech, CGPA 7.72 — KMBB College of Engineering and Technology, Khordha, Odisha, India — 2017
